

There is no separate Manual for the individual Fiber Optic Rotary Encoders/Sensors - MR312, MR314, MR316 or MR318.

All technical information for MR310 series sensors and interface module can be found in the MR310 User Guide. Download using the "manual" link under MR310 Controller Module listing.

If you have any questions, feel free to contact the Fiber Optic Encoder Product Manager, Dennis Horwitz, at dennis@micronor.com or call +1-805-499-0114.
